

TRAILER PUMP

TECHNICAL HIGHLIGHTS

Energy Saving: Self-adaptive variable power distribution control technology

High Reliability: Key parts and components, after 100,000 m³ concrete assessment.

High Reliability: Working condition adaptive pumping mode switch, the chance of pump block reduced by more than 50%.

HBT60.13.90SU

Max. theoretical output	m ³ /h	67/61
Maximum theoretical pressure	bar	70/130
Power	kW	90

HBT60.13.118RS

Max. theoretical output	m ³ /h	67/61
Maximum theoretical pressure	bar	70/130
Power	kW	118

HBT60.16.110SU

Max. theoretical output	m ³ /h	72/64
Maximum theoretical pressure	bar	90/160
Power	kW	110

HBT50.10.48RS(India)

Max. theoretical output	m ³ /h	55/30
Maximum theoretical pressure	bar	55/100
Power	kW	48

HBT50.10.60RS

Max. theoretical output	m ³ /h	48/26
Maximum theoretical pressure	bar	50/100
Power	kW	60
